Next workshop Saturday 25th February 2012, 1-4pm

Linwood Community Art Centre, cnr Stanmore rd and Worchester st.

A group of volunteers from ICECycles (Inner City East Cycles) ran its seventh free bike maintenance workshop from 1-4pm on Saturday 24/9/11 at the Delta Community House in Richmond. It was part of movingplanet.org's day of action on climate change and close to the world car-free day. Once again a wide variety of people came along to have their bikes fixed, get tips on fixing their own bikes or to receive a free restored bike. One of the attendees had the privilege of receiving our 100th donated bike. Families swapped smaller bikes for larger ones for growing children, brakes were adjusted, cables replaced, punctures fixed, bottom brackets re-greased, chains oiled, bike trailers tried out, and refreshments enjoyed. On the day 15 bikes were given away and 36 bikes repaired. The grand total over the seven workshops so far is 184 repairs and 111 bikes given away. Please contact us if you would like to join in, or have a bike you would like to donate.
